angled battery design  
provides greater  
accessibility and eliminates  
the maneuverability  
restrictions of an air hose

Reduced Sound  
and Discomfort

Up to

**25%** quieter &  
**50%** less vibration

than competitive air tools

# Introducing The World's **FIRST** 20V Tire Buffer

**Capable of 45 repairs on a single 2.5Ah battery**, the G4911 makes tire repair easy – whether it's quick work on passenger vehicles or tackling tough repairs on heavy equipment. The compact IQV20™ cordless design with angled battery interface is patented to provide greater tool accessibility inside small tires without the maneuverability restrictions of an air hose.

Prevent expensive repair mistakes with a dedicated two speed selector for reaming and buffing that controls max RPM, in alignment with U.S. Tire Manufacturers repair guidelines. Unleash your productivity with a tool that lets you ditch the air hose.

The G4911 is **up to 25% quieter with 50% less vibration** than competitive air tools, greatly reducing shop noise and operator discomfort. A low-profile lever throttle fully recesses into the slim handle for maximum comfort and control while creating the repair surface.

\*Max RPM conforms to U.S. Tire Manufacturers Association guidelines

## G4911 IQV20™ CORDLESS TIRE BUFFER

System	MAX RPM	Repairs per Change cfm	Vibration Levels (m/s <sup>2</sup> )	Sound/Pressure Level (dBA)	Light	Length w/o Battery in (mm)	Width in (mm)	Height w/o Battery in (mm)	Weight w/o Battery lbs (kg)
IQV20™	1,000/3,000	45w/2.5Ah	1.7	66.1 / 74.1	LED	10.63 (270)	3.15 (80)	3.94 (100)	1.83 (0.83)

### AVAILABLE KITS

**G4911-K1** 20V Cordless Tire Buffer, 1 Battery  
Kit Includes (1) G4911, (1) BC1121 Charger, (1) BL2012 Battery
