

**Mighty** VS7<sup>®</sup> Product

# SYNTRAMAX Dual Tech Fuel System Cleaner

**SB304**

**PACKAGE** 16 ounce bottles | 12 per case

## Applications

Can be used on  
**ANY Gasoline Engine!**  
Recommended every  
oil change OR 3,000  
to 4,000 miles.

## Highly Advanced Cleaning Technology with New Formulation

The reformulated highly advanced technology of this tank additive provides the maximum in fuel system cleaning by removing fuel related deposits in modern fuel injection systems.

## Key Features

- + PEA/PIBA formulation cleans both hard and soft carbon deposits
- + Cleans fuel and combustion systems
- + Effectively cleans fuel injectors
- + Cleans emission control system components
- + Reduces HC, Nox, and CO Emissions
- + Cleans engine combustion chamber and intake valves
- + Catalytic converter and oxygen sensor safe

## Benefits

- + Reduces hesitation, surging and stalling
- + Helps restore lost performance
- + Cleans complete fuel system in just one tank
- + Treats up to 18 gallons of fuel
- + Helps pass emissions testing
